Activity Name

My Magic Wand

Age Group

7 to 18

Description

My Magic Wand is an activity that invites you to select from a list of spells, or to identify your own positive spells, that will serve as goals and themes for you to live by over the coming months and year. The spells you select associate with a colored strip on a wand that you'll paint are not traditional spells or magic in the way the world typically defines them—they are the truest forms practical magic—the skills and attributes that enable us to live full and meaningful lives of love, service, and productivity.
